Terms and Conditions.

Please retain this page for future reference.

1. VOSA will only accept an application for a VIC if a VIC marker is set against the DVLA vehicle record. You can check whether a VIC marker is set online www.direct.gov.uk/vic or by contacting VOSA on 0300 123 9000.
2. The person named as the Contact (see 5, page 1) must:
 - Sign the declaration
 - For applications submitted online, be the card holder of the account from which payment is to be made or for Pre-Funded Accounts, be the account delegate.
3. Your application cannot be processed until VOSA has received full payment, see question 8.
For details of current fees, please visit www.direct.gov.uk/vic or contact VOSA on 0300 123 9000.
4. Applications can be submitted online, posted, faxed or handed in directly to a VOSA VIC site or to VIC Swansea (address listed below).
5. You will be contacted regarding your appointment within 3 working days for applications submitted online and within 7 days for applications submitted by other methods.
6. If you cannot keep your appointment, or you wish to change it, **you must give at least 3 working days notice or you will lose your fee and have to pay again.**
7. VOSA can refuse to carry out the VIC and retain the fee for any of the following reasons :
 - The vehicle did not arrive for the check at the appointed time or place.
 - The relevant fee has not been paid subject to the payment conditions stated on the application form.
 - The vehicle emits substantial quantities of avoidable smoke.
 - The vehicle or any part of it is so dirty that carrying out the check is unreasonably difficult.
 - The vehicle or its contents is in such a condition that a meaningful check would involve danger to a person, or damage to the vehicle or any other property, or that current health and safety legislation cannot be followed.
 - Sufficient repairs have not been carried out to support the intention of returning the vehicle to a roadworthy condition.
 - A door, tailgate, boot lid, engine cover, fuel cap, floor covering or other device, capable of being opened or accessed was locked or fixed so that a thorough check could not be carried out.
 - The check could not be completed due to a lack of fuel or oil, component failure, or for any other reason that would make completion unreasonably difficult or unsafe.
 - The conduct of the presenter was considered to be unreasonable.
 - The presenter refused to or was unable to comply with the instructions given.
8. If the car is to be driven to the VIC it must comply with the Road Vehicles (Construction and Use) Regulations 1986 and the Road Vehicles Lighting Regulations 1989, have a valid MOT Certificate if it is 3 years old or over and the person driving the car must be insured to do so. A car can be driven directly to and from a pre-arranged VIC without road tax.
9. If you need to obtain number plates for a car with a VIC marker, please contact VOSA on 0300 123 9000.
10. A car may be taken to the VIC on a trailer but arrangements must be made in advance with the VIC site manager. All cars must be capable of being driven under their own power.
11. VIC sites are unsuitable places for children and animals. You must ensure that in the interest of health and safety you do not bring any animals or children under 16 years to the VIC site.
12. The presenter of the car will not be allowed to view the VIC and must follow the instructions given by VIC site staff.
13. The presenter of the car is expected to remain on site whilst the VIC is conducted and must promptly remove the car once the VIC is completed. Cars must not be left overnight on VOSA property.
14. All personal belongings must be removed from the car prior to the VIC.
15. Some aspects of the VIC may be of a slightly destructive nature, e.g. removal of paint, underseal or body filler to examine the VIN or surrounding panelling. This is a necessary part of the VIC and any damage will be kept to a minimum. VOSA will not accept claims for compensation for damage of this nature.
16. The VIC is a check of identity. It does not assess the quality of the repair or whether the car is roadworthy. However if a serious roadworthiness defect is discovered a prohibition notice may be issued.
17. If you consider that the VIC has not been carried out correctly you have the right to appeal using form VIC17.
For further information please contact VOSA on 0300 123 9000 or enquire directly at the VIC site.
18. VOSA cannot carry out a VIC on a car that has previously failed.

For further information please visit www.direct.gov.uk/vic or contact VOSA on 0300 123 9000.
